El ojo desnudo Yoko Tawada 2019-11-29 ¿Qué se siente no tener nombre, identidad, idioma, hogar, país? La protagonista de El ojo desnudo pasa de lo cotidiano a lo desconocido, de la familiaridad del encierro al desconcierto de un mundo sin fronteras, de su natal Vietnam a Alemania y de ahí a París. La identidad de la joven se transforma y se borra una y otra vez:

vive con gente de la calle, se ofrece como voluntaria para una serie de experimentos dermatológicos falsifica su pasaporte, sobrevive a base de lo que encuentra en los botes de basura. Ese eterno estado transicional despierta en ella una obsesión por Catherine Deneuve de quien ve, una y mil veces, todas sus películas: "Ya no existía una mujer que se llamara "yo" porque Usted era la única mujer para mí, por lo tanto yo no existía". Esta novela -que se desarrolla entre las distintas personalidades que adopta la protagonista, diferentes países, idiomas, sistemas políticos; entre la adolescencia y la adultez, y las distintas formas de la sexualidad- nos ofrece una mirada desnuda al mundo contemporáneo donde lo que debe ser es a veces tan terrible como lo que no debería existir jamás.

I Am Malala Malala Yousafzai 2013-10-08 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank

range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. *I AM MALALA* is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. *I AM MALALA* will make you believe in the power of one person's voice to inspire change in the world.

Lolita Vladimir Nabokov 2012-07-27 'Lolita is comedy, subversive yet divine ... You read Lolita sprawling limply in your chair, ravished, overcome, nodding scandalized assent' Martin

Amis, Observer Poet and pervert, Humbert Humbert becomes obsessed by twelve-year-old Lolita and seeks to possess her, first carnally and then artistically, out of love, 'to fix once for all the perilous magic of nymphets'. Is he in love or insane? A silver-tongued poet or a pervert? A tortured soul or a monster? Or is he all of these? Humbert Humbert's seduction is one of many dimensions in Nabokov's dizzying masterpiece, which is suffused with a savage humour and rich, elaborate verbal textures. Filmed by Stanley Kubrick in 1962 starring James Mason and Peter Sellers, and again in 1997 by Adrian Lyne starring Jeremy Irons and Melanie Griffith, Lolita has lost none of its power to shock and awe.

Five Weeks in a Balloon Jules Verne 2011-05-01
What would it be like to explore a largely unknown swath of the world -- from the air? That's exactly what the intrepid explorers in Jules Verne's Five Weeks in a Balloon set out to do in this novel, an early entrant in the literature

describing European exploration of Africa. Like many of Verne's novels, this tale is so richly detailed and historically accurate that you'll feel like you've actually come along for the ride. Story of the Eye Georges Bataille 1989-10 Novel, translated by Joachim Neugroschel. Bataille's scandalous STORY OF THE EYE, written under the pseudonym Lord Auch, centers around the exploits of a young couple exploring the utmost boundaries of the sacred and profane. This hallucinatory melding of sex and religion has lost none of its transgressive power since its original publication in the 1920s, and prefigures Bataille's later studies of death and sensuality, including EROTISM and THE TEARS OF EROS, also published by City Lights and available from SPD.

The First Man Albert Camus 2013-10-31 The unfinished manuscript of *The First Man* was discovered in the wreckage of a car accident in which Camus died in 1960. Although it was not published for over thirty years, it was an instant bestseller when it finally appeared in 1994. The 'first man' is Jacques Cormery, whose poverty-stricken childhood in Algiers is made bearable

by his love for his silent and illiterate mother, and by the teacher who transforms his view of the world. The most autobiographical of Camus's novels, it gives profound insights into his life and the powerful themes underlying his work.

The Old Gringo Carlos Fuentes 2013-05-14 In *The Old Gringo*, Carlos Fuentes brings the Mexico of 1916 uncannily to life. This novel is wise book, full of toughness and humanity and is without question one of the finest works of modern Latin American fiction. One of Fuentes's greatest works, the novel tells the story of Ambrose Bierce, the American writer, soldier, and journalist, and of his last mysterious days in Mexico living among Pancho Villa's soldiers, particularly his encounter with General Tomas Arroyo. In the end, the incompatibility of the two countries (or, paradoxically, their intimacy) claims both men, in a novel that is, most of all, about the tragic history of two cultures in conflict.

The Spanish Lake Oskar Hermann Khristian Spate 2004-11-01 This work is a history of the Pacific, the ocean that became a theatre of power and conflict shaped by the politics of Europe and the economic background of Spanish America. There could only be a concept of the Pacific once the limits and lineaments of the ocean were set and this was undeniably the work of Europeans. Fifty years after the Conquista, Nueva España and Peru were the bases from which the ocean was turned into virtually a Spanish lake.

Algo nuevo en los cielos Antonio Martínez Ron 2022-02-16 Este libro es un recorrido por la

historia del conocimiento del cielo, una narración trepidante sobre cómo se descifraron los secretos de la atmósfera mientras la humanidad ascendía cada vez más alto y ganaba perspectiva sobre su lugar en el universo. En sus páginas se responde a las preguntas que nos hemos hecho alguna vez sobre por qué llueve, qué contiene el aire que respiramos y dónde comienza el espacio, pero desde el punto de vista de quienes conquistaron, paso a paso, cada rincón de la bóveda celeste. Una historia de los pioneros que subieron a las cimas del mundo para capturar las nubes, de los aeronautas que ascendieron hasta los límites del océano respirable y de los meteorólogos que revelaron la maquinaria invisible de las alturas. Antonio Martínez Ron nos invita en este libro a un viaje personal y científico que arranca con su fascinación por los fenómenos que contempla cada día desde el jardín de su casa y termina en la estratosfera, después de enviar un globo sonda hasta una altura de 27.000 metros sobre

el mismo punto en que comenzó a tejer su historia. Y nos regala un emocionante y documentado relato sobre lo que aprendió por el camino. «Hablé con meteorólogos, pilotos, poetas y cazadores de tormentas», anuncia en el arranque. «Y comprendí que aquel viaje vertical, que empezaba en las montañas y seguía en globo, en aviones y cohetes, es una de las aventuras más fascinantes que jamás ha protagonizado el ser humano.» «Dudarás si guardar este libro junto a los de Bill Bryson o junto a los de Julio Verne. Y te lo preguntarás mirando al cielo y sonriendo». Ángel Martín (humorista y presentador de TV) «Una obra única en la que la sorpresa y la belleza acechan en cada página». Miguel Á. Delgado (El ojo crítico, RNE)

The Diary of a Young Girl Anne Frank

2010-09-15 THE DEFINITIVE EDITION •

Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize-winner Nadia Murad "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In

her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

El ojo desnudo Antonio Martínez Ron 2022 En los sótanos del museo de Ciencia e Industria de Manchester hay una caja de cristal con unas pequeñas virutas que parecen fragmentos de piel seca. Estos restos son lo que queda de los globos oculares de John Dalton, el padre de la teoría atómica y el primer científico en describir la ceguera al color. Dalton dejó encargado a su médico personal que tras su muerte le extrajera los ojos y los «desnudara» para aclarar un misterio que no pudo resolver en vida: ¿por qué él veía el mundo de manera distinta a los demás? A partir de esta anécdota, y con la vida de Dalton como hilo conductor, *El ojo desnudo* reconstruye una historia de nuestro

conocimiento de la visión y de la luz y nos ofrece la explicación de por qué vemos como vemos y cómo hemos alcanzado a comprender fenómenos que van mucho más allá de lo que nuestros sentidos nos permiten detectar. En sus páginas, el periodista científico Antonio Martínez Ron intenta dar respuesta a cuestiones como qué es el color, qué es la luz y cómo hemos aprendido a mirar el universo. Un viaje desde el ojo de los primeros hombres que observaron el cielo a simple vista hasta el de aquellos que dieron la vuelta a los instrumentos para mirar dentro de nosotros mismos. Una aventura que nos ha llevado a superar nuestras limitaciones para convertirnos en la especie que todo lo ve. [Resumen del editor].

Into the Wild Jon Krakauer 2018-07-12 With an introduction by novelist David Vann In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to

live a life of independence. Just four months later, Chris was found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terribly beauty and its relentless harshness. *Into the Wild* is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose.

A Room of One's Own Virginia Woolf
2020-10-29 In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance - women and learning, writing and poverty - which helped

to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence - a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*

The Varieties of Scientific Experience Carl Sagan 2006-11-02 "Ann Druyan has unearthed a treasure. It is a treasure of reason, compassion, and scientific awe. I miss him so." —Kurt Vonnegut Carl Sagan's prophetic vision of the tragic resurgence of fundamentalism and the hope-filled potential of the next great

development in human spirituality The late great astronomer and astrophysicist describes his personal search to understand the nature of the sacred in the vastness of the cosmos. Exhibiting a breadth of intellect nothing short of astounding, Sagan presents his views on a wide range of topics, including the likelihood of intelligent life on other planets, creationism and so-called intelligent design, and a new concept of science as "informed worship." Originally presented at the centennial celebration of the famous Gifford Lectures in Scotland in 1985 but never published, this book offers a unique encounter with one of the most remarkable minds of the twentieth century.
