Loving Hugh Nini 2020-10-14
Loving: A Photographic Story of Men in Love, 1850-1950 portrays the history of romantic love between men in hundreds of moving and tender vernacular photographs taken between the years 1850 and 1950. This visual narrative of astonishing sensitivity brings to light an until-now-unpublished collection of hundreds of snapshots, portraits, and group photos taken in the most varied of contexts, both private and public. Taken when male partnerships were often illegal, the photos here were found at flea markets, in shoe boxes, family archives, old suitcases, and later online and at auctions. The collection now includes photos from all over the world: Australia, Bulgaria, Canada, Croatia, France, Germany, Japan, Greece, Latvia, the United States, the United Kingdom, Russia, and Serbia. The subjects were identified as couples by that unmistakable look in the eyes of two people in love - impossible to manufacture or hide. They were also recognized by body language - evidence as subtle as one hand

barely grazing another - and by inscriptions, often coded. Included here are ambrotypes, daguerreotypes, glass negatives, tin types, cabinet cards, photo postcards, photo strips, photomatics, and snapshots - over 100 years of social history and the development of photography. Loving will be produced to the highest standards in illustrated book publishing, The photographs - many fragile from age or handling - have been digitized using a technology derived from that used on surveillance satellites and available in only five places around the world. Paper and other materials are among the best available. And Loving will be manufactured at one of the world's elite printers. Loving, the book, will be up to the measure of its message in every way. In these delight-filled pages, couples in love tell their own story for the first time at a time when joy and hope - indeed human connectivity - are crucial lifelines to our better selves. Universal in reach and overwhelming in impact, Loving speaks to our spirit and resilience, our capacity for bliss, and our longing for the shared truths of love.

Larrikin Prince Paul Freeman 2020-11-20 A book of male nude portraits shot at a French chateau and a 16th century Spanish country house and other evocative locations

Real / Ideal Karen Hellman 2016-08-30 In the years following the announcement of the invention of photography in 1839, practitioners in France gave shape to this intriguing new medium through experimental printing techniques and innovative compositions. The rich body of work they developed proved foundational to the establishment of early photography, from the introduction of the paper negative in the late 1840s to the proliferation of more standardized equipment and photomechanical technology in the 1860s. The essays in this elegant volume investigate the early history of the medium when the ambiguities inherent in the photograph were ardently debated. Focusing on the French photographers who worked with paper negatives, especially the key figures Édouard Baldus, Gustave Le Gray, Henri Le Secq, and Charles Nègre, Real/Ideal explores photography's status as either fine art or industrial product (or both), its repertoire of subject matter, its ideological functions, and even the ever-experimental photographic process itself.

Outback Dusk Paul Freeman 2014 Dusk features some of the most masculine, perfectly and naturally built, handsome and sensual naked men within a stunning array of hauntingly beautiful and raw outback settings. Paul Freeman has established himself at the pinnacle of his craft, not only

as a photographer, but as a visual poet and artist eulogizing as he captures the spirit of the rugged yet sensitive Australian male in all his physical glory. His genius is to find the right men to photograph and then tell an enthralling story with his vision from behind the camera. From the quality of the compositions and the lighting through to the texture of the outback locations, these are some of the most perfectly executed and delightful photographs in any collection, and set a tone of sophistication so rarely achieved in books of the male nude.

Heroics George Alec Effinger 2014-04-01 A coming-of-old-age novel from the Hugo Award-winning author of When Gravity Falls. "Engaging . . . spry, inventive, and often quite funny" (Kirkus Reviews). In HEROICS, Irene--like everyone in the future--struggles with boredom. Food, clothing, and all the necessities of human life have been taken care of. But, what does that leave of life itself? At eighty-two, Irene sets out on a pilgrimage across America hoping to find the answer. Along the way, she becomes transformed, both physically and by her interactions with other civilians all trying to cope with this new world. Filled with wry humor and fantastic symbolism, HEROICS mixes adventure and philosophy in a way both engrossing and entertaining. Of this book, friend and fellow writer Harlan Ellison said, "It is the best Effinger yet...and for those of us who have been watching with amazement that is about as rich a compliment as you can expect from other envious authors. Damn him, he's good!" George Alec Effinger was a true master of satirical Science Fiction. Before his death in 2002, Effinger was a prolific novelist and short story writer, earning acclaim from his fans and peers, including a Nebula Award nomination for his first book WHAT ENTROPHY MEANS TO ME. In HEROICS, he revisits some of the themes and characters of that first book for startling, funny and poignant results.

Tom Bianchi: 63 E 9th Street 2019-05-21 In 1975, Tom Bianchi moved to New York City and took a job as in-house counsel at Columbia Pictures. That first year Tom was

given a Polaroid SX - 70 camera by Columbia Pictures at a corporate conference. He took that camera to the Pines on summer weekends, those pictures became the book *Fire Island Pines, Polaroids 1975 - 1983* published in 2013. Now, some 44 years later, we finally get a first look at another extraordinary collection of Polaroids by Tom taken in his NYC apartment at 63 East 9th Street. Whereas *Fire Island* is an expansive communal experience happening on a sunny sand bar outside of the city under huge open skies, Tom's New York apartment was an intimate track-lit den, a safe stage where he and his friends invited each other to play out their erotic night games. Tom's New York City Polaroids take us behind the closed door of his apartment, "Back then we were in the early days of a revolution that seemed inevitably headed to a more loving, playful and tolerant way of being. We were innocents", Bianchi recalls. This is an essential companion book to *Fire Island Pines* and an important document of urban gay life.

The Heart of the Photograph David Duchemin 2020-03-17

Learn to ask better, more helpful questions of your work so that you can create stronger and more powerful photographs.

Photographers often look at an image—one they've either already created or are in the process of making—and ask themselves a simple question: "Is this a good photograph?" It's an understandable question, but it's really not very helpful. How are you supposed to answer that? What does "good" even mean? Is it the same for everyone?

What if you were equipped to ask better, more constructive questions of your work so that you could think more intentionally and creatively, and in doing so, bring more specific action and vision to the act of creating photographs? What if asking stronger questions allowed you to establish a more effective approach to your image-

making? In *The Heart of the Photograph: 100 Questions for Making Stronger, More Expressive Photographs*, photographer and author David duChemin helps you learn to ask better questions of your work in order to craft more successful photographs—photographs that express and connect, photographs that are strong and, above all, photographs that are truly yours.

From the big-picture questions—What do I want this image to accomplish?—to the more detail-oriented questions that help you get there—What is the light doing? Where do the lines lead? What can I do about it?—David walks you through his thought process so that you can establish your own. Along the way, he discusses the building blocks from which compelling photographs are made, such as gesture, balance, scale, contrast, perspective, story, memory, symbolism, and much more. *The Heart of the Photograph* is not a theoretical book. It is a practical and useful book that equips you to think more intentionally as a photographer and empowers you to ask more helpful questions of you and your work, so that you can produce images that are not only better than "good," but as powerful and authentic as you hope them to be.

Larrikin Yakka Paul Freeman 2017-03-20 A book of male nude portraits shot around the theme of manual labour.

Wanderers Kerri Andrews 2020-10-07 "A wild portrayal of the passion and spirit of female walkers and the deep sense of 'knowing' that they found along the path."—Raynor Winn, author of *The Salt Path* "I opened this book and instantly found that I was part of a conversation I didn't want to leave. A dazzling, inspirational history."—Helen Mort, author of *No Map Could Show Them* This is a book about ten women over the past three hundred years who have found walking essential to their sense of themselves, as people and as writers. *Wanderers* traces their footsteps, from eighteenth-century parson's daughter Elizabeth Carter—who desired nothing more than to be taken for a vagabond in the wilds of southern England—to modern walker-writers such as Nan Shepherd and Cheryl Strayed. For each, walking was integral, whether it was rambling for miles across the Highlands, like Sarah Stoddart Hazlitt, or pacing novels into being, as Virginia Woolf did around Bloomsbury. Offering a beguiling

view of the history of walking, *Wanderers* guides us through the different ways of seeing—of being—articulated by these ten pathfinding women.

Heroics II Paul Freeman 2013-06-01 A collection of fine art nude photographic portraits of men captured in the classical tradition of the heroic and mythical, in the grandiose and dramatic poses of the post-renaissance tradition, shot in both contemporary, post-modernist and neo classic or painterly environments, with over 180 photographs in both colour and warm toned black and white. This collection complements and evolves the theme developed in the first 'Heroics' book published in 2011, and has been influenced by and references the male in sculpture and painting in Western European art from the Renaissance onwards. The book plays with contemporary societal attitudes to the naked male in public and art by juxtaposing our collective artistic consciousness and heritage with the reality of the contemporary naked male physique.

Outback Bushmen Paul Freeman 2012 "The fourth book in the series by renowned photographer Paul Freeman, which studies men and masculinity in rugged outdoor and rustic farm settings. In this book Freeman uses the Australian bush and its' changing moods to explore his male aesthetic, and to style and weather his subjects"--Jacket.

Dirk Bikkembergs Dirk Bikkembergs 2014-01-28 This volume marks the twenty-fifth anniversary of the groundbreaking fashion designer who bridged the exclusivity and sex appeal of fashion and the universality and masculinity of sports. One of the much-written-about Antwerp Six group of influential cutting-edge Belgian fashion designers, Dirk Bikkembergs audaciously chose to focus his designs on the intersection between fashion and sport, particularly pieces designed for or inspired by soccer. Seeing sports as a universal language, Bikkembergs designed haute couture for athletes who are themselves already aesthetic icons of masculinity. The first designer to hold a fashion show in a sports stadium, Bikkembergs uses his local soccer team as a laboratory for styling with the latest fabric technology, creating designs that are sexy yet comfortably flexible, from exclusive jackets to high-performance underwear and sporty street shoes. In this handsome book, all of his one-of-a-kind designs are showcased in photographs taken in various locations around the world.

Lust Nick Mesh 2019-01-09 The beauty of masculinity caught in the moment of strong emotion. Lust for love, lust for sex, lust for joy and happiness, lust for perfection. Expressive eyes, handsome faces, fantastically built bodies, frankness of nudity and depth of feelings. A big collection of male photography presented in soft brown shade.

Wet Men 2011-09-27 Francois Rousseau, photographer of Locker Room Nudes and the famed Dieux du Stade calendar, presents a unique and candid collection of nude and seminude photos of more than fifty men in, on, and around water. Wet Men is a celebration of the beauty of the male

form, as well as the fulfillment of the fantasies surrounding the swimmers, lifeguards, athletes, and bathers around us. Each photo in this beautifully produced book shows a man or men soaked to their bathing suits-or less-emerging from an afternoon's dip in the ocean, playing on the beach, laying on sailboat decks, or taking a midsummer's soak in a pool. Photographed on the beaches in the South of France, the public pools of Paris, the showers and spas of gyms, and the sparkling waters of Tahiti, these men are not professional models. Rather, they-and their sculpted, healthy, and undeniably sexy bodies-are eroticized, in the water, on the sand, under the sun, for their realness, their masculinity, and their accessibility.

Dior: The Art of Color Marc Ascoli 2016-10-11 This exquisite book takes the reader on a kaleidoscopic journey through the history of makeup, style, and color at the revered fashion house of Dior. An exquisite ode to color, this book presents the history of Dior cosmetics placed within contexts of fashion and art. Divided into twelve chapters (White, Silver, Nude, Pink, Red, Purple, Blue, Green, Yellow, Gold, Gray, and Black) Dior: The Art of Color showcases not only the sometimes glamorous, sometimes natural cosmetics, but also the aesthetics of color, which was the source of inspiration for so much of Dior's creations. The evolution of color through the ages is presented with iconic works from renowned artists and Dior makeup advertising campaigns—including creations from some of the greats in the field, such as Serge Lutens, Tyen, and the current head of Dior makeup, Peter Philips—captured by master photographers such as Irving Penn, Guy Bourdin, and Richard Burbridge. highly engaging text and never-before-seen imagery, this is a book that no student of fashion or art should be without.

Dirty windows Merry Alpern 1995 For Merry Alpern, whose previous book *Dirty Windows* (Scalo, 1995) received international recognition, her new project was a natural outgrowth of her own daily life: spending time in stores, mostly women's clothing stores. She noticed other women in these stores in the middle of the day, all day, everyday. In particular, the group dressing rooms seemed to offer a combination of camaraderie and anonymity. Trying on clothes is an opportunity for self-examination, fantasy, and opinions from others -- sometimes solicited, sometimes not. Alpern says. "We stand there in our underwear, all trying to achieve some private version of a 'look'." With a video camera concealed in her purse, Alpern took endless hours of footage, without ever looking through a viewfinder, but putting the bag in a general direction of activity. Sometimes the bag was an extension of her body as she carried it with her, other times it was placed in a stationary position, separate from her body. Later Alpern started to examine the footage, to isolate moments and make stills. "Viewing surprises on the video tape was one of the most entertaining parts of the project." With this new photographic essay, Alpern dives into the realm of the objects that cover our social body. Her colorful images constitute a visual ethnography of American shopping, indeed one of the most important activities of everyday life in the West. Shopping is a sometimes shocking and often funny expedition into a world we all know only too well!

Uncensored 2020-04 In this unique collection of black and white photography, acclaimed artist Gruenholtz has accomplished something very rare in male erotica. a compelling long-form portrait of Michael Lucas and his models over the course of an unprecedented year-long creative journey. Shot on location in New York, Fire Island, Puerto Vallarta and Barcelona.

??? Hanshan 2000 This authoritative, bilingual edition represents the first time the entirety of Cold Mountain's poetry has been translated into English. These translations were originally published by Copper Canyon Press nearly twenty years ago. Now, significantly revised and expanded, the collection also includes a new preface by the translator, Red Pine, whose accompanying notes are at once scholarly, accessible, and entertaining. Also included for the first time are poems by two of Cold Mountain's colleagues. Legendary for his clarity, directness, and lack of pretension, the eight-century hermit-poet Cold Mountain (Han Shan) is a major figure in the history of Chinese literature and has been a profound influence on writers and readers worldwide. Writers such as Charles Frazier and Gary Snyder studied his poetry, and Jack Kerouac's *Dharma Bums* is dedicated "to Han Shan." 1.B storied cliffs were the fortune I cast bird trails beyond human tracks what surrounds my yard white clouds nesting dark rocks I've lived here quite a few years and always seen the spring-water change tell those people with tripods and bells empty names are no damn good 71. someone sits in a mountain gorge cloud robe sunset tassels handful of fragrances he'd share the road is long and hard regretful and doubtful old and unaccomplished the crowd calls him crippled he stands alone steadfast 205. my place is on Cold Mountain perched on a cliff beyond the circuit of affliction images leave no trace when they vanish I roam the whole galaxy from here lights and shadows flash across my mind not one dharma comes before me since I found the magic pearl I can go anywhere everywhere it's perfect Cold Mountain A mountain man lives under thatch before his gate carts and horses are rare the forest is quiet but partial to birds

Heroics 2011 Photographer Paul Freeman takes a sometimes tongue-in-cheek look at the way European men have adorned and mythologized themselves and their physical courage over the centuries, and refers for inspiration to monumental art and paintings that were the work of artists who tended to depict a fantasy of sensuality rather than the brutal masculinity of reality. This sumptuous collection of gorgeous male art nude photographs is printed on large format art stock paper, another masterful tome by the inimitable Freeman, following closely on the heels of his bestselling Bondi and Outback series of books.
