Wake Up, Woods Michael A. Homoya 2019-10 Early in the year, our North American forests come to life as native wildflowers start to push up through patches of snow. With longer days and sunlight streaming down through bare branches of towering trees, life on the forest floor awakens from its winter sleep. Plants such as green dragon, squirrel corn, and bloodroot interact with their pollinators

and seed dispersers and rush to create new life before the trees above leaf out and block the sun's rays. Wake Up, Woods showcases the splendor of our warming forests and offers clues to nature's annual springtime floral show as we walk in our parks and wilderness areas, or even in shade gardens around our homes.

Readers of Wake Up, Woods will see that Gillian Harris, Michael Homoya and Shane Gibson, through illustrations and text, present a captivating look into our forests' biodiversity, showing how species depend on plants for food and help assure plant reproduction. This book celebrates some of nature's most fascinating moments that happen in forests where we live and play.

single volume that gathers together three of the most remarkable novels from Jean Echenoz, the “most distinctive French voice of his generation” (The Washington Post), Three by Echenoz demonstrates the award-winning author’s extraordinary versatility and elegant yet playful style at its finest. “A parodic thriller sparkling with wit” (L’Humanité), Big Blondes probes our universal obsession with fame as a television documentary producer tries to track down a renowned singer who has mysteriously disappeared. A darkly comedic, noir-style tour de force, it finally answers the age-old question: do blondes have more fun? “Fluid, never forced...like a garment that fits beautifully even inside-out” (Elle), Piano brings Dante’s Inferno

to contemporary Paris, following Max Delmarc, a concert pianist suffering from paralyzing stage fright and alcoholism, as he meets his untimely death and descends through purgatory—part luxury hotel, part minimum-security prison—into a modern vision of hell. Running is “a small wonder of writing and humanity” (L’Express)—a portrait of the legendary Czech athlete Emil Zátopek, who became a national hero, winning three gold medals at the 1952 Helsinki Olympics even as he was compelled to face the unyielding realities of life under an authoritarian regime.

Mendelson, *Observer Book of the Year* Opening with a powerful and tender 'Ode to the Hymen', Sharon Olds uses this age-old poetic form to address many aspects of herself, in a collection that is centred around the female body and female pleasures, and touches along the way on parts of her own story which will be familiar from earlier works, each episode and memory now burnished by the wisdom and grace of looking back. In such poems as 'Ode to My Sister', 'Ode of Broken Loyalty', 'Ode to My Whiteness', 'Blow Job Ode', 'Ode to the Last 38 Trees in New York City Visible from This Window', Olds treats us to an intimate self-examination that, like all her work, is universal and by turns searing and charming in its honesty. Undressing Cinema Stella Bruzzi 2012-10-12 From Audrey Hepburn in Givenchy, to sharp-suited gangsters in Tarantino movies, clothing is central to film. In Undressing Cinema, Stella Bruzzi explores how far from being mere accessories, clothes are key elements in the construction of cinematic identities, and she proposes new and dynamic links between cinema, fashion and costume history, gender, queer theory and psychoanalysis. Bruzzi uses case studies drawn from contemporary popular cinema to reassess established ideas about costume and fashion in cinema, and

to challenge conventional interpretations of how masculinity and femininity are constructed through clothing. Her wide-ranging study encompasses: * haute couture in film and the rise of the movie fashion designer, from Givenchy to Gaultier * the eroticism of period costume in films such as *The Piano* and *The Age of Innocence* * clothing the modern femme fatale in *Single White Female*, *Disclosure* and *The Last Seduction* * generic male chic in *Goodfellas*, *Reservoir Dogs*, and *Leon* * pride, costume and masculinity in 'Blaxploitation' films, *Boyz n The Hood* and *New Jack City* * drag and gender confusion in cinema, from the unerotic cross-dressing of *Mrs Doubtfire* to the eroticised ambiguity of *Orlando*.

Edward Stanford Travel Writing Awards 2020*
Longlisted for the Financial Times & McKinsey Business Book of the Year Award 2019
'Extreme Economies is a revelation - and a must-read.' Andy Haldane, Chief Economist at the Bank of England To understand how humans react and adapt to economic change we need to study people who live in harsh environments. From death-row prisoners trading in institutions where money is banned to flourishing entrepreneurs in the world's largest refugee camp, from the unrealised potential of cities like Kinshasa to the hyper-modern economy of Estonia, every life in this book has been hit by a seismic shock, violently broken or changed in some way. In his quest for a purer view of how economies succeed and fail,

Richard Davies takes the reader off the beaten path to places where part of the economy has been repressed, removed, destroyed or turbocharged. He tells the personal stories of humans living in these extreme situations, and of the financial infrastructure they create. Far from the familiar stock reports, housing crises, or banking scandals of the financial pages, Extreme Economies reveals the importance of human and social capital, and in so doing tells small stories that shed light on today's biggest economic questions. 'A highly original approach to understanding what really makes economies tick.' Mervyn King, former Governor of the Bank of England

guidebook, you will find the knowledge and practical steps upon implementation can help one achieve a natural state of abundance and experience conscious expansion. While other books focus on the "the secret" of the law of attraction, you will learn that there is far more available to you than material possessions and societal status. Inside these pages are revealed tools readily available to you that you may not even be aware of. This book is organized around the Mind, Body, and Spirit- the three spheres of being that need to operate in equilibrium for true knowledge of self, accelerated self betterment and the manifestation of desire. Written from a state of enlightenment reached only after deep meditation and facing life's many hardships,

this guidebook presents full details of the metaphysical aspects of the mind and thoughts, the ego and self-identification, presence and creation, mindfulness, the anatomy of fear, chakra energy systems and healing, exercise and well-being, mineral-supplemented diets, along with the benefits of juicing, detoxing, clean eating, and living on a plant-based diet.

Ulysses and Us Declan Kiberd 2010-06-03 In Ulysses and Us, Declan Kiberd argues that James Joyce's Ulysses offers a humane vision of a more tolerant and decent life under the dreadful pressures of the modern world. As much a guide to contemporary life as it is virtuoso work of literary criticism, Ulysses and Us offers revolutionary insights to the scholar and the first-time reader alike. Leopold Bloom, the half-Jewish Irishman who is the hero of James Joyce's Ulysses, teaches the young Stephen Dedalus (modelled on Joyce himself) how he can grow and mature as an artist and an adult human being. Bloom has learned to live with contradictions, with anxiety and sexual jealousy, and with the rudeness and racism of the people he encounters in the city streets, and

in his apparently banal way sees deeper than any of them. He embodies an intensely ordinary kind of wisdom, Kiberd argues, and in this way offers us a model for living well, in the tradition of the literature upon which Joyce drew in writing Ulysses, such as Homer, Dante and the Bible.

'Declan Kiberd's brilliantly informed and highly entertaining advocacy liberates Joyce's greatest book from the dungeon of unreadable masterpieces.' Joseph O'Connor

Sophocles Sophocles 2001 Collects the full texts of Sophocles' seven ancient Greek plays, including updated translations of "Oedipus the King," "Antigone," and "The Women of Trachis," as well as stage directions and prefaces to each play.
