A contemporary, high-stakes thriller about how reality becomes more twisted than the fantasy novel two friends are writing when the real-life subject of their fiction turns up dead and they're the suspects, for fans of Mare of Easttown and One of Us Is Lying. Celeste is the talk of the town when she moves to Montana from Montreal, but the only friend she makes is Vivvy, the heir to the town's founder and a social pariah. Inspired by a passion-fueled school incident, they begin writing a love-story fanfic between the popular guy and the school stoner, one that gradually reveals Celeste's past. While her bond with Vivvy makes Celeste feel safe and alive again, Vivvy keeps prodding Celeste to turn fantasy into reality. When they finally try, one

drunken night on a dark mountainside, Celeste is the one who ends up kissing golden boy Joss. And Joss ends up dead. Celeste doesn't remember the end of that night and can't be sure she didn't deliver the killing blow. Could she still be that scared of getting close to a boy? Secrets are hard to keep in a small town, and even Vivvy seems to suspect her. Exploring the winding passages of the cave where Joss died, Celeste learns he had his own dark secrets, as does Vivvy. The town isn't as innocent as it appears.

The Kaya Girl Mamle Wolo 2022-06-28

This rags-to-riches story by an award-winning Ghanaian author has page-turning appeal with luminous literary resonance. Writing with effortlessly engaging prose, Wolo showcases the interweaving layers of Ghanaian culture to create a prismatic, multifaceted world in which two young girls, against all odds, are able to find each other. When Faiza, a Muslim migrant girl from northern Ghana, and Abena, a wealthy doctor's daughter from the south, meet by chance in Accra's largest market, where Faiza works as a porter or kaya girl, they strike up an unlikely and powerful friendship that transcends their social inequities and opens up new worlds to them both. Set against a backdrop of class disparity in Ghana, *The Kaya Girl* has shades of *The Kite Runner* in its unlikely friendship, and of *Slumdog Millionaire* as Faiza's life takes unlikely turns that propel her thrillingly forward. As, over the course of the novel, Abena awakens to the world outside her sheltered, privileged life, the novel explores a multitude of awakenings and the opportunities that lie beyond the

breaking down of barriers. This is a gorgeously transporting work, offering vivid insight into two strikingly diverse young lives in Ghana.

The Influence of Sea Power Upon History, 1660-1783 Alfred Thayer Mahan 1918 Today, war is more complicated than it has ever been. When considering military strategy, a commander must be aware of several theaters of war. There's ground strength, air power, naval combat and even cyber warfare. In the late 19th century, however, the true military might of a nation rested primarily on the strength of its navy. In 1890, United States Navy Captain Alfred Thayer Mahan published a book titled "The Influence of Sea Power Upon History." The monumental text addressed the importance of both military and commercial fleets in the success of a nation in war and peacetime. Mahan begins with a discussion of the elements he considers to be the key to a nation's success on the seas. He theorizes that a ground force could not sustain the pressure of a naval blockade. Mahan then applies his principles to wars of the past. He analyzes the use of a navy in various engagements and considers the resulting influence on the outcome of the wars. The book was readily accepted by commanders and tacticians all over the world and his principles and theories were utilized throughout the 20th century. His arguments, along with technological

advances, were influential in the strengthening of the United States Navy. Presently, Mahan's work is considered the most important work on naval strategy in history.

A Little History of Philosophy Nigel Warburton 2011-10-25 Philosophy begins with questions about the nature of reality and how we should live. These were the concerns of Socrates, who spent his days in the ancient Athenian marketplace asking awkward questions, disconcerting the people he met by showing them how little they genuinely understood. This engaging book introduces the great thinkers in Western philosophy and explores their most compelling ideas about the world and how best to live in it. In forty brief chapters, Nigel Warburton guides us on a chronological tour of the major ideas in the history of philosophy. He provides interesting and often quirky stories of the lives and deaths of thought-provoking philosophers from Socrates, who chose to die by hemlock poisoning rather than live on without the freedom to think for himself, to Peter Singer, who asks the disquieting philosophical and ethical questions that haunt our own times.

Warburton not only makes philosophy accessible, he offers inspiration to think, argue, reason, and ask in the tradition of Socrates. *A Little History of Philosophy* presents the grand sweep of humanity's search for philosophical understanding and invites all to join in the discussion.
